**THE FIRST BLUEBIRD.**  
A bluebird sat up on the limb of a tree  
And sang a sweet song of spring.  
And seemed just as gay as a bluebird could be.  
Poor little unfortunate thing!  
It warbled away in the sunshine so bright  
In a sweetly enchanting way.  
And thrilled many hearts with exquisite delight  
As it piped its clear promising lay.

As the season of the year when pneumonia, grippe, sore throat, coughs, colds, catarrhs, bronchitis and lung troubles are to be guarded against, nothing "as a first substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Henry W. Ray, Advertising Postoffice.

It is needless to say a word about the class of goods that will be thrown on the market. It is a patent fact, not only in our midst but in the commercial world, that few merchants buy the uniformly high class of goods that Hoedrich & Co. have always bought.

Our retirement sale will begin April 1st. It will take us until then to arrange our stock for the sale. Every article in the house will be sold at net cost, no more nor less.

Our readers will most assuredly take advantage of this sale. It is a rare occurrence that a stock of

CLOTHING, MEN'S FURNISHINGS, MEN'S AND BOYS' FOOTWEAR

of such high character are thrown into a forced sale.

**FLOOD AT PINEVILLE.**

The Town Inundated and the Inhabitants Compelled to Fly From Their Homes for Their Lives.

PINEVILLE, Ky., March 30.—A sudden rise in the Cumberland river has inundated the town and the inhabitants have been compelled to flee for their lives to the surrounding hills. Boats are busy taking household effects and property from the abandoned houses.

The rise is the highest ever known, and immense damage is reported in Harlan and adjoining counties of Kentucky and Tennessee. It is impossible to estimate the damage at present.

Transferred to the Combine.

LOUISVILLE, Ky., March 30.—A deed was filed in the county clerk's office Wednesday from Dennis Long & Co., of Louisville, Ky., to the United States Coal, Iron, Pipe and Foundry Co., of Burlington, N. J., transferring the plant and all property of Dennis Long & Co. to the new combine. The plant is one of the largest in the country, and the purchase price, which is said to have been \$1,200,000, was paid to the Louisville owners several days ago in a lump sum.

**The Kentucky Association Race Track.**

LEXINGTON, Ky., March 30.—It was reported late Wednesday night that J. R. Higgins, the millionaire turfman, will buy the Kentucky association race track at the close Thursday. It is also learned that five rooms have been reserved at the Phoenix by H. K. Knapp, of MacPhail, property of J. R. Higgins, at the head of a party of horsemen from New York. It is thought they will be bidders for the track.

**Ladies' Pleas Unavailing.**

FRANKFORT, Ky., March 30.—Acting Gov. Worthington declined Wednesday to pardon James Downey, of Mercer county, who is serving a term for manslaughter. A delegation of ladies, with Mrs. Bradley at their head, called on Gov. Worthington in Downey's behalf, but could not secure the pardon.

**More Narks Dead.**

LEXINGTON, Ky., March 30.—Mrs. Narks, of MacPhail, property of J. R. McGraw, died at Ashland Wednesday. She was dead of Spittle, Flying Daughters of Spokane, which was a number of states last year, and a victim of the best two-year-olds in the west.

**Storekeepers Appointed.**

DANVILLE, Ky., March 30.—Charles W. Welch, of Nicholasville; James A. Wash, of Lawrenceburg; John H. Farns, of Stone, Garrettsville, and Henry C. Witt, of Irvine, Estill county, have been appointed storekeeper gaugers in this district under Collector Yerkes.

**Murderer Escapes Jail.**

WILLIAMSTOWN, Ky., March 30.—John H. Wade, under sentence of 18 years for killing Addison Penning, escaped from the county jail Tuesday night. He got out by slipping by the jailer. A reward of \$100 has been offered for his capture.

**Escaped From the Penitentiary.**

FRANKFORT, Ky., March 30.—Louis Burges, sentenced to serve 21 years for murder, escaped from the penitentiary Tuesday night by pulling off his shirt with a piece of iron and descending to the ground by means of a rope he had made from a sheet.

**The Kentucky River Rising.**

VALLEY VIEW, Ky., March 30.—The Kentucky river is 34 feet and rising four inches an hour. Considerable drift is passing. Heavy rains are reported at Jackson and Beattyville. The cold wave will probably keep the river from reaching a high stage.

**Died of Paralysis.**

**Louisville Man Missing.**

LOUISVILLE, Ky., March 30.—Orval Anderson, who went to Florida for his health, is missing, and all efforts to find him have been futile.

**Blizzard in Northern Ohio.**

CLEVELAND, O., March 30.—It has snowed steadily throughout northern Ohio for nearly twenty-four hours. During the night the wind reached a velocity of 55 miles an hour. The high wind has caused the snow to drift badly, resulting in more or less delay to railway traffic. Trains from the east are reported from one to two hours late.

**Mail-Bbox Thief's Fate.**

NEW YORK, March 30.—Carol Ables, aged 35, was arrested charged with robbing mail-boxes. He confessed, and \$125.50 were found upon him. In his note book was written: "God helps those that help themselves."

**TOBACCO SETTERS!**

One year ago today Tobacco Transplanters sold in Mayville at \$60 because The Price Fighter was not in the tobacco setting business. Today The Price Fighter enters and gently trims the price down to \$42.90. Ah! the price is over. Surely this is enough to cause a deep and painful breath. The Price Fighter controls Mason, Bracken and Fleming counties for the latest improved tobacco setting machine—a machine that embodies all the good features of the older style machines, with none of their bad features—a machine that is guaranteed to work—a machine that is sold upon its merits. The Price Fighter has contracted for a carload of these machines for spot cash, and after trimming off all the superfluous profit finds that he can sell 'em for \$42.90 and still make his little 10 per cent. profit. He bought 'em right and is in position to undersell the world. Of course competitors will have to offer you some excuse for asking old time war prices. They will offer the old worn out gag of a better machine, but beware! Poison! Listen! Call and look at the 1899 Tobacco Setter. Examine its improved features. If you like it haul out one to your farm. It is guaranteed to work, and that settles it. That laughing, joyous, shouting noise you hear is a happy, contented people celebrating The Price Fighter's entry into the Tobacco Setter business. They have long since celebrated his entrance in the Furniture and Wagon business. "You can fool some of the people all of the time; you can fool all of the people some of the time; but you can't fool all the people all the time." We have been discovered and we are happy; so are all the people.

# VESSEL BLOWS UP

Steamer Rowena Lee Explodes Opposite Tyler, Mo., and Goes to the Bottom.

ALL ON BOARD EXCEPT TWO DROWNED

The Lee Carried a Cabin Crew of 15 Officers and a Deck Crew Numbering 30.

The Boat Left Cairo, Ill., With 16 Passengers Aboard. Round for Memphis—At Caruthersville, Mo., She Landed and Took on Board Fifteen More.

NEW MADRID, Mo., March 30.—The steamer Rowena Lee, with about 31 passengers aboard, besides her crew, exploded opposite Tyler, Mo., about 4 o'clock Wednesday afternoon and immediately sank, with the exception of capt. George Carrell and one of the crew.

The steamer left Cairo with 16 passengers aboard bound for Memphis. At Caruthersville, Mo., she landed and took aboard 15 more passengers. It is estimated that with passengers and crew she had about 46 people. She made the next landing at Tyler, Mo., and at a clock Wednesday afternoon backed into midstream from Tyler to proceed on her journey. The steamer had just reached the middle of the river when she suddenly stopped and lurched as if a snag had been struck. The next moment the boat parted in the middle, a volume of steam and debris arose and the detonation of an explosion thundered over the water.

The river is running very high and the steamer immediately sank with all on board but the captain and one of the crew. They clung to wreckage and were saved by boats.

Memphis, Tenn., March 30.—The steamer Rowena Lee was owned by the Lee line, of Memphis, and was one of the most magnificent passenger steamers in the Mississippi river trade. She sailed between Memphis and Cairo. News of the sinking of the Rowena Lee spread like wildfire in Memphis. Most of the crew lived here. As to the passenger list of the ill-fated vessel, nothing could be ascertained at Memphis office of the company Wednesday night.

An effort has been made to get the names of those passengers who embarked at Cairo, but this list had not been received at this date. Wednesday night, from local river men it was ascertained that the Rowena Lee carried a cabin crew of about 15 officers and a deck crew numbering about 20.

American Troops Sweeping Onward Beyond Boacoe, the Resistance Being Slight.

THEY LUNCH SEVEN MILES FROM CITY.

The Road Behind Them Looks Like a Cyclone Had Swept Down the Whole Country.

Our Troops Charged into the Philippines and the Ground Was Covered With Their Dead and Wounded. Malolos Will Be Taken After a Hard Fight.

MANILA, March 30.—The American army advanced at 6 o'clock Wednesday morning, sweeping onward three miles beyond Boacoe, to the east of Bulacan, where the Filipinos offered resistance. Our troops met with but slight resistance. The Filipinos fired volleys Tuesday evening for the purpose of drawing the American fire and disclosing the locality of our positions.

The country between Manila and Manila presents a picture of desolation. Smoke is curling from hundreds of ash heaps and the remains of trees and houses, torn by shrapnel, are to be seen everywhere. The general appearance of the country is as if it had been swept by a cyclone. The roads are strewn with furniture and clothing dropped in flight by the Filipinos. Bodies of dead Filipinos are stranded in the shallows of the river or in the jungles where they crawled to die or were left in the wake of the hurriedly retreating army. The Filipinos fled forth a horrible odor, but there is no time to pause to bury them. The inhabitants who fled in such a panic that on tables our soldiers found speed money and valuables, and in the rooms were trunks containing other property of value. This was the case in most of the houses deserted. They were not molested by our soldiers, but the Chinese who slip in between the armies, are looting when they can and have taken possession of several houses, over which they raised Chinese flags some of which were torn down.

The American forces met with strong opposition in the jungle. First one Nebraskan, then one Pennsylvanian, and afterwards two of the Montana regiments were killed. Thirty-five Americans, including one officer of the Kansas regiment, were killed. The rebels burned the villages as they retreated in bad order toward Malolos. The enemy also tore up sections of the railroad in many places and attempted to burn the bridge at Bigaa, but the fire was extinguished owing to the timely arrival of the Americans. The rebels had not finished their trenches along the line of Wednesday's march, showing they were not prepared for advance.

Gen. MacArthur's victorious division took lunch Wednesday at Bigaa, seven miles from Malolos, the Filipino capital, and the headquarters of Aguinaldo. Boacoe was captured at 8 o'clock Wednesday morning, then the second advance to Bigaa, distant two miles, was made. Bigaa was taken without a shot being fired, the enemy fleeing at the approach of the Americans.

MANILA, March 30.—After a couple of hours of rest Gen. MacArthur's division pushed on across rice fields and through the burning of the bridge, meeting any opposition, the enemy flying from the villages of Taal, Ucat and Bigaa, after burning them. Even the town of Bulacan, the capital of the province, was burned and abandoned, although Gen. MacArthur passed miles to the right. At 5 o'clock the enemy made a stand in trenches half a mile beyond Guiguinto station, at a river crossing.

The Kansas and Pennsylvania regiments immediately deployed, crossing the railroad bridge under heavy fire, and attacked the enemy's position. The rebels withstood the musketry fire for half an hour but the artillery disconcerted them, and at the end of 45 minutes' fight the insurgents bolted towards the hills. Our loss was two killed and 20 wounded. The enemy's loss was severe. Gen. MacArthur went into camp near Guiguinto station at 6:30 o'clock, four miles from Malolos.

WASHINGTON, March 30.—The following advices from Manila were received by the war department Wednesday night:

MANILA, March 30.—Adjutant General, Washington: MacArthur advanced at a Wednesday morning from Manila. Passed rapidly to Boacoe. At 11:45 took up advance for Guiguinto, three and one-half miles from Malolos, reaching that point at 3. Casualties for the day about 70. Fierce fighting in the afternoon. Troops made crossing of river at Guiguinto by working artillery over railroad bridge by hand and swimming mules against fierce resistance. Column will pass on railroad to extreme front, nearly repaired and will re-supply troops Thursday.

# FOR EIGHT DAYS.

Bombardment of Samoan Villages by British and American War Vessels.

SEVERAL TOWNS HAVE BEEN BURNED.

There Were a Number of Casualties Among the British and the American Sailors and Marines.

Impossible to Estimate the Number of Natives Killed or Wounded—German Consul Issues a Proclamation Upholding Provisional Government.

APIA, Samoa Islands, March 23, via Auckland, N. Z., March 30.—The troubles growing out of the election of a king of Samoa have taken a more serious turn and resulted in the bombardment of native villages along the shore by the United States cruiser Philadelphia, Adm. Kautz commanding, and the British cruisers Porpoise and Royalist. The bombardment has continued intermittently for eight days. Several villages have been burned and there have been a number of casualties among the American and British sailors and marines. As yet it is impossible to estimate the number of natives killed or injured.

As Mataafa and his chiefs, constituting the provisional government, continued to defy the treaty after the arrival of the Philadelphia, Adm. Kautz summoned the various consuls

KING MATAAFA.

(Recently Elected to the Father Shaky Throne of Samoa) and the senior naval officers, to a conference on board the Philadelphia, when the whole situation was carefully canvassed. The upshot was a resolution to dismiss the provisional government of Samoa. Adm. Kautz issued a proclamation calling upon Mataafa and his chiefs to return to their homes. Mataafa evacuated Mululu, the town he had made his headquarters, and went into the interior.

Herr Koss, German consul at Apia, issued a proclamation supplementing the one he had issued several weeks before, upholding the provisional government. As a result of this the Matafa assembly in large force and hemmed in the town.

The British cruiser Royalist brought the Malietoa prisoners from the islands to which they had been transferred by the provisional government. The Americans then fortified Mululu, where 22,000 Malietoa took refuge. The rebels, the adherents of Mataafa, barricaded the roads within the municipality and seized the British houses.

An ultimatum was then sent to them, ordering them to evacuate and threatening them, in the event of refusal, with a bombardment to commence at 1 o'clock on the afternoon of March 13. This was ignored and the rebels commenced an attack in the direction of the United States and British consuls about half an hour before the time fixed for the bombardment. The Philadelphia, Porpoise and Royalist fired upon the distant villages. There was great difficulty in locating the enemy, owing to the dense forest, but several shore villages were soon in flames.

A defective shell from the Philadelphia exploded near the American consulate, and the marines outside narrowly escaped. A fragment struck the leg of Private Ridge, shattering it so badly as to necessitate amputation. Another fragment traversed to the German consulate, shattering the roof. The Germans then went on board the German cruiser Falke.

During the night the rebels made a hot attack on the town, killing three British sailors. A British marine was shot in the leg by a sentry of his own party, another was shot in the foot and an American sentry was killed at his post.

The bombardment continuing, the inhabitants of the town took refuge on board the Royalist, greatly crowding the vessel.

Many people are leaving Samoa, the captain of the Royalist urging them to go, so as not to interfere with the military operations.

The Porpoise has shelled the villages east and west of Apia and captured many boats. The Americans and British are fighting splendidly together, but there is a bitter feeling against the Germans. Two men, a British and a German, have been arrested, and are being held. The bombardment of the jungle was for a time very hot.

# THE FIGHTING IN SAMOA.

It is Thought It Will Not Rupture Relations Between Uncle Sam and Germany or Great Britain.

WASHINGTON, March 30.—The news from Samoa that the United States cruiser Philadelphia and the British cruisers Porpoise and Royalist had bombarded the towns held by Mataafa, who has thus far had the official support of the German government, came with startling suddenness to officials here and displaced for the time being the attention given to the fighting around Manila. The shelling of Samoa was looked upon as of secondary importance, but the deepest indignation attached to the attitude of the German government.

The first apprehensions were felt that grave international complications might ensue, but the deepest indignation attached to the attitude of the German government. **Novel Way of Securing Funds—Beats Endless Chain.**

THE UNITED STATES OF AMERICA 1873

The latest and most ingenious collection scheme, somewhat after the plan of the endless chain, has been brought out in Anderson, Ind., by the Methodists and Christians, both of whom are working toward the erection of \$50,000 auditorium.

They call it "cadenas."

It is started by one person in each case, who assumes the title of the year and pays \$2 and selects twelve others for the months who each pay \$1 and find four people who each pay 50 cents and assume the weeks of the month.

They get seven people at 25 cents apiece for the days, and these seven each secure twenty-four at 10 cents each to cover the hours of the day.

The minutes and seconds could also be worked on, but the chain is stopped on the hours.

Each chain run thus far successfully will bring in just over \$1,000.

It is much more satisfactory and not so much trouble as an endless letter chain, as all the work is done by personal calls.

Who will start the "cadenas" for the purpose of paying a part of the debt incurred by the Washington Fire Company in building the beautiful Opera-house in this city?

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEAKLE, General Merchant and Farmer, Matine, Bedford county, Pa. For sale by J. Jas. Wood & Son, Druggists.

A. R. Do Fluert, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. The Mayor, Marshal and Clerk of Russellville, O., set salaries amounting to \$15 each per year.

It is very hard to stand still and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drugstore there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The doctor, Mr. Otto Scholtz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. **FLOTSAM—JETSAM—LIGAN!**

NEWS NOTES FROM NATURE'S GREAT HIGHWAY.

The river rose 4½ feet at this point last night and is rising about 3 inches per hour, the marks at 10 o'clock showing 45.7.

The Urania will pass down tonight. The W. F. Nisbet passed up last night for Pomeroy.

The Keystone State will be the Pittsburgh packet tonight.

The Henry M. Stanley will pass up tonight for Kanawha river and way points.

Hundreds of crosties and logs have run out of the Big Sandy on the present freshet.

The new City of Pittsburgh will pass down this afternoon for New Orleans. She has a big freight rig and 125 passengers.

The Island Queen has been in the hands of painters and carpenters for nearly a month at Cincinnati, and is now almost finished. She has been beautifully painted throughout a pure white, and furnished by Lee Brooks says there is no steamer afloat on Western waters that can dispute the Island Queen's right to the title of "the handsomest steamer afloat."

Her new wheels are nearly finished, and her new boiler and water heaters have been in working order for some time.

The Associated Press telegrams of yesterday indicate that the rains of Monday night and Tuesday were general, and as a consequence a sharp rise in the river will follow. The southern tributaries of the Ohio seem to have received the heaviest rainfall, as the Big Sandy is out of its banks and promises to do much damage, while both the Little Kanawha and Monongahela are rising rapidly. Pittsburgh had an 18-foot stage of water yesterday, and is still rising. There is nothing in the way at present to prevent a 50-foot stage at this point before the water runs out.

The flood signals were displayed at Pittsburgh yesterday morning, while all along the Monongahela the people were moving "up a little."

Following are the stages of the river above here up to 6 p. m. yesterday:

Pittsburgh—14½, rising.  
 Wheeling—13½, rising.  
 Pomeroy—12½, rising.  
 Marietta—12½, rising.  
 Parkersburg—12½, rising 5 inches per hour.  
 Fostoria—20, rising.  
 Cambridge—20, rising.  
 Franklin—14½, rising.  
 Keokuk—14½, rising.  
 Hamilton—12, rising.  
 Portsmouth—10½, rising.

**Deafness Cannot be Cured** by local applications, as they reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
